

## Extraordinary Announcement of 4iG PLC

on the indirect acquisition of the  
99.899 percent of the shares of One Telecommunications sh.a

4iG PLC (hereinafter: "4iG") hereby informs the Capital and Financial Markets that following a successful proceeding before the Albanian competition authority and the financial closing of the transaction, 4iG has acquired the 100 percent of the shares of Albania Telekom Invest AD. Albania Telekom Invest AD owns 99.899 percent of the shares of One Telecommunications sh.a (hereinafter: "ONE"). With the completion of the transaction 4iG indirectly acquired the Albanian ONE mobile operating company.

ONE is the second and fastest growing mobile operator with 1.36 million subscribers in Albania. ONE's infrastructure is also outstanding in the region with its 632 transmission towers suitable for 5G mobile communications in addition to 4G/LTE services, thanks to recent developments. With the successful acquisition of ONE, 4iG has become one of the largest foreign investors in the Western Balkan country.

Two weeks ago 4iG acquired ALBtelecom sh.a (hereinafter: "ALBtelecom"), a leading 4P operator in the Albanian telecommunications market, which is also a market leader in fixed voice, internet and TV services. The two Albanian subsidiaries of the 4iG Group have complementary portfolios, and the completion of the acquisition of ONE allows for strategic cooperation and strong synergies.
