Agenda item 2

DECISION ON THE AMENDMENT OF THE ARTICLES OF ASSOCIATION OF THE COMPANY

Reasoning:

The effective Articles of Association of the Company do not currently provide for the possibility of holding a general meeting (conference general meeting) by electronic means. Government Decree 502/2020 (16 November) previously made it possible to hold a general meeting by videoconference, for example, in derogation from the provisions of the Articles of Association. This Decree has been repealed with effect from 1 June 2022 with the lifting of the coronavirus emergency, and no similar measure has been taken in relation to the operation of legal persons in the context of the emergency declared due to the situation in Ukraine, so general meetings may continue to be held in the previous pre-emergency manner, in accordance with the provisions of the legislation and the Articles of Association.

In the light of the above, it has become necessary to amend the Articles of Association in order to lay down the rules for the conference general meeting and the exercise of voting rights by post.

Pursuant to Section 3.1.16 a) of the Articles of Association, the General Meeting has the exclusive competence to adopt and amend the Articles of Association, except as provided in Section 3.2.2 (e) and (f). Considering that the proposed amendment does not fall within the exceptions, the General Meeting will decide on the amendment of the Articles of Association.

The Board of Directors made a proposal for the amendment of the Articles of Association in compliance with the above. In its decision, the Supervisory Board proposed for approval the amendment of the Articles of Association complying with the draft Articles of Association attached to this proposal as Annex 1.

With the amendment the following new Sections 3.1.21 and 3.1.22 will be added to the Articles of Association:

3.1.21 General meeting held by electronic means (conference general meeting)

3.1.21.1 Shareholders may also participate in the General Meeting by using electronic means of communication, provided that the Board of Directors has specified the detailed (technical) conditions for this in the invitation (notice) in such a way that the identification of shareholders and mutual and unrestricted communication between shareholders at the General Meeting is ensured.

3.1.21.2 The shareholder may also attend the General Meeting in person in the case of a conference general meeting, provided that they notify the Company of their intention to do so at least 5 (five) days prior to the General Meeting. Shareholders who do not inform the Company of their intention to attend the General Meeting in due time shall be deemed to be attending the General Meeting by electronic means.

3.1.21.3 The General Meeting may not be held by the use of electronic means of communication if the shareholders holding at least 1 (one) per cent of the votes together object in writing to the Company within five days of the publication of the

notice of the General Meeting, stating the reason, and request that the General Meeting be held in the traditional manner.

3.1.21.4 Any costs incurred by the Company in connection with the use of the electronic communication facilities shall be borne by the Company and shall not be passed on to shareholders.

3.1.21.5 The conference general meeting may be held using a device/computing software capable of simultaneous transmission of video and audio data, which allows for continuous and unrestricted communication between participants.

3.1.21.6 Shareholders participating via electronic means of communication, their proxies and representatives will be identified by the Company immediately prior to the General Meeting by means of a video image, by presenting a photo ID (identity card, passport and driver's license in card format) suitable for proving the identity of the shareholders/proxies/representatives joining the meeting.

3.1.21.7 Shareholders participating by electronic means of communication and their proxies and representatives may cast their votes orally or, if using a suitable telecommunication device, in writing. Shareholders who vote by electronic means of communication will receive an electronic confirmation of their vote.

3.1.21.8 The results of voting, the election of the officers of the General Meeting, and the exercise of the shareholder's right to speak and make proposals shall be governed by the general rules applicable to the General Meeting.

3.1.21.9 At the request of the shareholder, the Board of Directors shall confirm to the shareholder or the person designated by the shareholder that the shareholder's vote was duly recorded and counted at the General Meeting, unless the necessary information is available to the shareholder. The shareholder may submit such a request to the Company within 30 (thirty) days after the date of the General Meeting. The Company is obliged to send the confirmation to the shareholder within 15 (fifteen) days of receipt of the shareholder's application.

3.1.21.10 The discussions of a general meeting held by conferencing and the resolutions adopted shall be recorded using a reliable medium so that it can be retrieved at any time in the future. Where the discussions of the meeting have been recorded, minutes shall be drawn up based on the said recording and it shall be signed by a member of the Board of Directors.

3.1.22 Exercise of voting rights by post

3.1.22.1 Shareholders may also exercise their voting rights by post before the General Meeting. The voting declaration must include, as a condition of its validity, the data necessary for the identification of the shareholder, such as (i) in the case of a natural person, name, address; (ii) in the case of a legal person, registration number, registered office.

3.1.22.2 The voting declaration shall be unambiguous, in particular it shall indicate in an identifiable form the proposal for a resolution on which the shareholder casts their vote.

3.1.22.3 The voting declaration must be made in an authentic instrument or in a private document with full probative value.

3.1.22.4 The voting declaration must be sent to the Company by post. The voting declaration must be received by the Company at least 3 (three) working days before the General Meeting.
